Hi Scott,

Thought I would share Tom Coda's and Karen Bennett's (OGC) comments on my comments on the preliminary DEIS for the NPL project. I have just sent these to you as think I would like to incorporate their comments and also see what Sara provides too before getting back to both Ken and Chris R. Also, these comments may be revised with more detail after our meeting on Monday to discuss the drill rig permits.

Thanks!

Tim

Tim,

Overall you did a great job with your comments on BLM's conformity section. I made a few word edits and some comments in the attached file. I'm also forwarding Karen Bennett's OGC review comments which I agree with. Let me know if you need to discuss any of them.

Hey Tim,

Per my request of a few minutes ago - here is the conformity language pasted out of their draft chapter 2, on page 2-5 and 2-6 (in case this format is too hard to read - as it is for me)

Here's what they have from Chapter 3, page 3-5

Chris, Attached find Chapters 2 (Alternatives) and 3(existing Conditions) of the preliminary DEIS for the NPL project. We only have 2 weeks for the review. Because of the short review time please limit your comments to more substantive elements (note one special area is general conformity)...Please have your comments back by Feb 20. Thanks.
